

INAKSHI HANSIKA S S

DATA SCIENTIST & ANALYTICS ASSOCIATE

inakshihansika@gmail.com • +91 6383912412 • LinkedIn: linkedin.com/in/inakshihansika • GitHub: github.com/inakshihansika

EXECUTIVE SUMMARY

Results-driven Data Science specialist adept at converting complex, high-volume datasets into actionable business intelligence and predictive models. Proficient in Python, SQL, Power BI, and Tableau with demonstrated expertise in machine learning (Random Forest, Classification), exploratory data analysis (EDA), and interactive dashboard design. Skilled at bridging the gap between technical data engineering and cross-functional business strategy.

TECHNICAL COMPETENCIES

Programming & Querying: Python (Pandas, NumPy, Scikit-Learn), SQL, MongoDB

Machine Learning & Analytics: Random Forest, Predictive Modeling, Feature Engineering, EDA

Development Tools: Jupyter Notebook, Git/GitHub, UiPath Studio

Business Intelligence & Viz: Power BI (DAX, Power Query), Tableau, Advanced Excel

Data Operations & ETL: KPI Architecture, Data Cleaning, Growth Analytics, Automation

Core Professional Strengths: Statistical Reasoning, Stakeholder Communication, Problem Solving

PROFESSIONAL EXPERIENCE

Data Science Intern | *Decodet*

Recent / Ongoing

- End-to-End Analytics Execution:** Spearheaded full analytics workflows—extracting, cleansing, and wrangling complex datasets using Python and SQL prior to statistical evaluation.
- Automated BI & Dashboarding:** Architected interactive Power BI and Tableau dashboards for Amazon Sales and Global Superstore datasets, cutting manual reporting overhead by 30% via dynamic KPI tracking.
- Data-Driven Strategic Insights:** Conducted granular sales trend, growth-rate, and revenue attribution analyses, delivering clear visual narratives that directly informed business stakeholder decisions.

KEY PROJECTS & RESEARCH

- Predictive Healthcare Assistant** [*Python, Machine Learning & Scikit-Learn*] — Engineered a high-accuracy predictive model using Random Forest algorithms; executed end-to-end data preprocessing, feature selection, and model validation, culminating in a published research paper.
- Amazon Sales Analytics Dashboard** [*Power BI, DAX & Power Query*] — Developed an enterprise-grade reporting dashboard analyzing multi-region performance metrics, product profitability, and revenue trends to empower executive decision-making.
- Retail Performance & Inventory Dashboard** [*Tableau & EDA Techniques*] — Constructed dynamic visual dashboards tracking consumer buying patterns, inventory turnover, and operational KPIs to optimize stock allocation and sales forecasting.
- SmartBuddy — Intelligent Travel Assistant** [*Rapid Prototyping / Hackathon Project*] — Collaborated within a cross-functional team to conceptualize and build an AI-driven travel planning app, designing personalized itinerary recommendation workflows under tight project constraints.

EDUCATION

B.Sc. in Data Science | PSGR Krishnammal College for Women (CGPA: 8.7)

2024 – 2027

Higher Secondary Certificate (Class XII) | Cambridge Matriculation Higher Secondary School (94%)

2023

PROFESSIONAL CERTIFICATIONS & LEADERSHIP

- Microsoft Certified: Power BI Data Analyst Associate (Microsoft, Mar 2026)
- Data Visualisation: Empowering Business with Effective Insights (Tata via Forage, June 2025)
- Automation Business Analyst Associate Training (UiPath, July 2025) | MongoDB Certified Developer (MongoDB, June 2025)
- Getting Started with Deep Learning using AI (DeepLearning.AI, May 2025) | Everyday Excel Part 1 (CU Boulder, May 2025)
- Leadership & Governance: Elected Student Representative, PSGR Krishnammal College for Women (2024 – 2025)
